17/18 **CLERK UPDATE-** Network Rail had advised that allocation of the Saltmarshe station sign had not been determined, that it may be possible to reclaim the bricks from the signal box and that a public drop in session on the works had been arranged in Gilberdyke for the 3rd March 2018. The Internal Drainage Board had confirmed that the clearing work on the allotment drain, which was suspended to work on the clough doors, would be completed. Councillor Goulden reported little success with the chalk spray used to highlight dog fouling.

21/18 – **INSTALLATION OF LITTER BIN**– The Parish Council had previously requested East Riding of Yorkshire Council to identify any suitable litter bin locations in Saltmarshe to assist with the dog fouling problem near the river bank. East Riding of Yorkshire Council had suggested a location on Main Street, just beyond the houses when travelling in the direction of Saltmarshe Hall.

Resolved – That the Parish Council would proceed with the purchase of a litter bin for Main Street, Saltmarshe.

22/18 – **IMPROVEMENTS TO VILLAGE NAME SIGNS** – The Council considered wooden and metal alternatives to the brick village name signs discussed at the previous meeting. Details of wooden planters which were to be installed by Foggathorpe Parish Council were also circulated. Metal signs were preferred but the cost considered prohibitive for the seven installations required.

Resolved – That the Clerk and Councillor Bray would request a quote for signs with a framing theme from local metal fabricators.

23/18 **VILLAGE LITTER PICK** – The Parish Council agreed that the roads signs in the area, particularly Tranby Lane, were heavily littered with fast food cartons and plastic bottles and required a clean.

13/03/2018	N	Member of Public	I live in Saltmarshe and I am hoping for some support from the Parish council regarding the high level of traffic currently diverted through Saltmarsh. Could some sort of notice could be given out, erected or posted on facebook requesting that traffic travels past our houses at a sensible speed. The current speeds are terrifying and I'm sure you can appreciate that our young, old, frail and animals are not used to this and having difficulty in coping with it. There have been a number of people forced off the road and I fear it is just a matter of time before there is an accident
	N	Member of Public – Facebook	not just 'diversion routes' even when the road re-opens people need to realise that once you hit Skelton Broad Lane become a 30mph road. especially the absolute moron in the Focus RS who often goes passed my house at 80plus then slams on at the corner.
	N	Member of Public – Facebook	We totally agree with this. The verges are in such a muddy mess. No one seems to slow down on the corners making it very difficult to pass. It isn't going to be closed for long, I don't know why people have always to be in such a rush to get anywhere!! Please take care when you are driving. This after all is where we live and why should our countryside and villages be spoilt. It is the same in Laxton, the grass verges get ruined constantly!!!

Protecting Communities, Targeting Criminals, Making a Difference

- Don't leave your phone, iPad, tablet or camera unattended, out of your sight or left on a table – thieves can grab a phone in seconds.
- Always be aware of your mobile and your whereabouts and act accordingly and when you've finished using it, put it away.
- Ensure you retain a record of your phone's IMEI number. This is a 15-digit unique number which can be obtained by keying in *#06#. You need this information if the phone is lost or stolen. And don't keep a note of it on your phone as it defeats the object.
- Use your device's security features, apps or PIN locking mechanisms to protect your data and prevent the phone being used if stolen.
- Register for free on an accredited mobile phone database such as Immobilise. This helps police to identify you as the rightful owner.

(www.immobilise is a free web based, secure property registration system. It is endorsed and searchable by all 43 UK Police Forces. Fill in the online form and create your own account – you will receive an email from immobilise confirming your account name and password.)

- Track it. Consider installing a tracker app on your smartphone. They're readily available online. If your mobile's ever stolen, act promptly.
